

The Jonty table is a robust and cleverly thought through product designed by Simon Pengelly. Primarily for use in cafes, restaurants and other hospitality areas, the Jonty table is also available with a matching chair and high stool.

The Jonty's solid wood frame makes it very resilient against wear and tear and also can be painted to match or contrast the Jonty chairs around it.

The laminate top surfaces give the Jonty a very practical benefit whilst the ply chamfered edge detail give that designer aesthetic.

Informal meeting

Cafe environment

Solid colour matching Jonty chair colours
